

Does the wizard make the spellbook? Or does the spellbook make the wizard?

Class Handbook

Speak with Dead

Level: 3

Range: 10 feet

Duration: 10 minutes

You touch a corpse and attempt to commune with its spirit. If its spirit can be contacted, you contact it through mystical means.

Until the spell ends, you can ask the spirit of the corpse up to five questions. The spirit knows only what it knew in life, including the languages it knew. The spirit is under no compulsion to offer a truthful answer if you are antagonistic toward it or it recognizes you as an enemy.

The dead often demand a service in return for the information they provide. If you accept such a deal, you cannot cast this spell again until you complete the task or make a good faith effort to do so.

Thunderwave

Level: 1

Range: Self

You unleash a wave of thunderous energy. Each creature in a 15-foot cube originating from you makes a Constitution saving throw. On a failed save, a creature takes 2d8 thunder damage and is pushed 10 feet away from you. On a successful save, a creature takes half damage.

Unsecured objects that are entirely within the cube are pushed 10 feet away from you, and a thunderous boom is audible within 300 feet.

The damage increases to 3d8 thunder damage if you use a level 2 slot and 4d8 thunder damage if you use a level 3 slot.

Water Breathing

Level: 3

Range: 30 feet

Duration: 24 hours

This spell grants up to ten willing creatures of your choice within range the ability to breathe underwater until the spell ends. Affected creatures also retain their normal mode of respiration.

Mirror Image

Level: 2

Range: Self

Duration: 1 minute

Three illusory duplicates of yourself appear in your space. The duplicates move with you and mimic your actions, shifting position so it's impossible to track which image is real.

Each time a creature hits you with an attack roll during the spell's duration, roll a d6 for each of your remaining duplicates. If any of the d6s rolls a 3 or higher, one of the duplicates is hit instead of you, and the duplicate is destroyed. The duplicates otherwise ignore all other damage and effects. The spell ends when all three duplicates are destroyed.

A creature is unaffected by this spell if it cannot see or can use other senses to pinpoint you.

Misty Step

Level: 2

Range: Self

Briefly surrounded by silvery mist, you teleport up to 30 feet to an unoccupied space you can see. Casting this spell does not use your action.

Prestidigitation

Level: Cantrip

Range: 10 feet

Duration: Up to 1 hour

You create a minor magical effect within range. You can light a torch, create a glowing sigil, clean off an object, or create an object that can fit in the palm of your hand. An object created in this manner is an obvious, worthless duplicate. The spell ends if you cast it again.

Ray of Frost

Level: Cantrip

Range: 60 feet

A frigid beam of blue-white light streaks toward a creature within range. Make a ranged spell attack against the target. On a hit, it takes 1d8 cold damage, and its speed is reduced by 20 feet until after its next turn.

The damage increases to 2d8 cold damage at level 5 and 3d8 cold damage at level 9.

Scorching Ray

Level: 2

Range: 120 feet

You hurl three fiery rays. You can hurl them at one target within range or at several. Make a ranged spell attack for each ray. On a hit, the target takes 2d6 fire damage.

If you cast this spell with a level 3 slot, the damage increases to 3d6 fire damage.

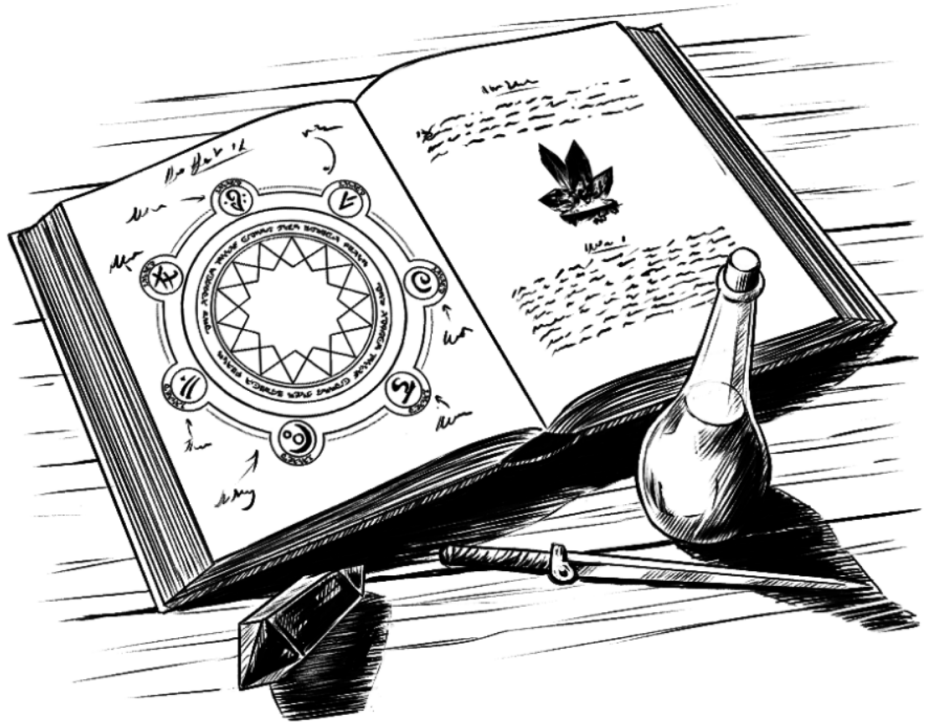

See Invisibility

Level: 2

Range: Self

Duration: 1 hour

You see creatures and objects that are invisible as if they were visible.

Every wizard needs a spellbook.

Level 1: Spellcasting

You can cast spells from the Wizard spell list. Intelligence is your casting ability. You know two cantrips.

You have a spellbook that contains all your known spells. You start with three level 1 spells. You add another spell to your book each time you gain a level.

You regain all expended spell slots when you finish a long rest. Once per day, you may regain 1 expended spell slot when you finish a short rest.

is 6d10 lightning damage if you attack three targets, 8d10 lightning damage if you attack two, or 10d10 lightning damage if you attack one. If the attack misses, the target takes half damage.

Mage Armor

Level: 1

Range: Touch

Duration: 8 hours

You touch a creature. Until the spell ends, the target can treat its AC as 13 + its Dexterity modifier.

Mage Hand

Level: Cantrip

Range: 30 feet

Duration: 1 minute

A spectral, floating hand appears at a point you choose within range. The hand vanishes if it is ever more than 30 feet away from you or if you cast this spell again.

When you cast the spell, you can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial.

As an action on your later turns, you can control the hand thus again. As part of that action, you can move the hand up to 30 feet.

The hand can't attack, activate magic items, or carry more than 10 pounds.

Magic Missile

Level: 1

Range: 120 feet

You create three glowing darts of magical force. Each dart strikes a creature of your choice that you can see within range. A dart deals 1d4 + 1 force damage to its target.

The damage increases to 2d4 + 2 force damage if you use a level 2 slot and 3d4 + 3 force damage if you use a level 3 slot.

Minor Illusion

Level: Cantrip

Range: 30 feet

Duration: 1 minute

You create a sound or an image of an object within range that lasts for the duration. See the descriptions below for the effects of each. The illusion ends if you cast this spell again.

A creature can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC.

Sound. If you create a sound, its volume can range from a whisper to a scream that can last up to the spell's duration.

Image. An image you create cannot be larger than a 5-foot cube or a size Medium creature. The image can't create sound, light, smell, or any other sensory effect. Physical interaction with the image reveals it to be an illusion.

Grease

Level: 1

Range: 60 feet

Duration: 1 minute

Grease covers the ground in a 10-foot square centered on a point within range.

When the grease appears, each creature standing in its area must succeed on a Dexterity saving throw or fall prone. A creature that moves into or in area or ends its turn there must also succeed on that save or fall prone. A creature need only make this save once per turn.

Haste

Level: 3

Range: 30 feet

Duration: Concentration, up to 1 minute

Choose a willing creature within range. On each of its turns, it can choose to take a second action. If it does so, roll a d20. On an 11 or higher, it gains a failed death save.

Invisibility

Level: 2

Range: Touch

Duration: Concentration, up to 1 hour

A creature you touch becomes invisible. The spell ends early immediately after the target makes an attack roll, deals damage, or casts a spell.

If you cast this spell with a level 3 slot, you can target two creatures.

Levitate

Level: 2

Range: 60 feet

Duration: Concentration, up to 10 minutes

One creature or loose object of your choice within range rises vertically up to 20 feet and remains suspended there. The spell can levitate an object that weighs up to 500 pounds. An unwilling creature that succeeds on a Constitution saving throw is unaffected.

The target can move only by pushing or pulling against a fixed object or surface within reach (such as a wall or a ceiling), which allows it to move as if it were climbing. You can change the target's altitude by up to 20 feet in either direction on your turn. If you are the target, you can move up or down as part of your move. Otherwise, you can take an action to move the target, which must remain within the spell's range.

When the spell ends, the target floats gently to the ground if it is still aloft.

Light

Level: Cantrip

Range: Touch

Duration: 1 hour

An object you touch sheds dim light in a 30-foot radius and Dim Light for an additional 20 feet. The spell ends if you cast it again.

Lightning Bolt

Level: 3

Range: 300 feet

You can make ranged spell attacks against up to three targets. The damage

Wizard Spell List

Spells descriptions are listed below.

Alarm

Level: 1

Range: 30 feet

Duration: 8 hours

You set an alarm against intrusion. Choose a door, a window, or an area within range that is no larger than a 20-foot cube. An alarm alerts you whenever a creature touches or enters the warded area. When you cast the spell, you can designate creatures that won't set off the alarm. You also choose whether the alarm is audible or mental:

Audible Alarm. The alarm produces the sound of a handbell for 10 seconds within 60 feet of the warded area.

Mental Alarm. You are alerted by a mental ping if you are within 1 mile of the warded area. This ping awakens you if you're asleep.

Burning Hands

Level: 1

Range: Self

A thin sheet of flames shoots forth from you. Each creature in a 15-foot cone projected from you makes a Dexterity saving throw, taking 3d6 fire damage on a failed save or half damage on a successful one.

The damage increases to 5d6 fire damage if you use a level 2 slot and 7d6 fire damage if you use a level 3 slot.

Comprehend Languages

Level: 1

Range: Touch

Duration: 1 hour

Your magic aligns a creature's mind with pure magical thought, allowing it to communicate with any creature. The creature you touch can understand any spoken or signed language that it hears or sees, and its speech or gestures are understood by any creature that has a language.

Darkness

Level: 2

Range: 60 feet

Duration: Concentration, up to 10 minutes

Darkness spreads from a point within range and fills a 15-foot-radius sphere.

Darkvision can't see through it, and nonmagical light can't illuminate it. Magical sources of light created by level 2 or lower spells shed no light in this area.

Detect Magic

Level: 1

Range: Self

Duration: Concentration, up to 10 minutes

You see the presence of magical effects within 30 feet on objects that are visible to you. Magic appears as a faint aura, the details of which allow you to determine its origin and the basic details of its effect.

Detect Thoughts

Level: 2

Range: Self

Duration: Concentration, up to 1 minute

You sense the presence of thoughts within 30 feet that belong to creatures that know languages or are telepathic.

You don't read the thoughts, but you know that a thinking creature is present.

The spell is blocked by 1 inch of solid material.

If you can see a creature, as an action or when you cast this spell you can force it to make a Wisdom save. If it fails, you search its thoughts and learn the answer to one question you ask it. You learn the truth as the creature understands it. If it succeeds, the spell ends.

Disguise Self

Level: 1

Range: Self

Duration: 1 hour

You make yourself, including your belongings, look different. You can seem 1 foot shorter or taller and can appear heavier or lighter.

The changes wrought by this spell fail to hold up to physical inspection.

An observer can notice this is an illusion with a successful Intelligence (Investigation) check against your spell save DC.

Dispel Magic

Level: 3

Range: 120 feet

Choose one creature, object, or magical effect within range. Any ongoing spell of level 3 or lower on the target ends. For each ongoing spell of level 4 or higher on the target, make an ability check using your spellcasting ability (DC 10 plus that spell's level). On a successful check, the spell ends.

Fear

Level: 3

Range: Self

Duration: Concentration, up to 1 minute

Each creature in a 30-foot cone projected from you must succeed on a Wisdom saving throw or drop whatever it is holding and become frightened of you for the duration.

If the creature ends its turn in a space where it doesn't have line of sight to you, the creature makes a Wisdom saving throw. On a successful save, the spell ends on that creature.

Feather Fall

Level: 1

Range: 60 feet

Duration: 1 minute

You can cast this spell in response to falling or seeing someone fall. Choose up to five falling creatures within range. A falling creature's rate of descent slows to 60 feet per round. If a creature lands before the spell ends, the creature takes no damage from the fall, and the spell ends for that creature.

Fireball

Level: 3

Range: 150 feet

A bright streak flashes from you to a point you choose within range and then blossoms with a low roar into a fiery explosion. Each creature in a 20-foot-radius sphere centered on that point makes a Dexterity saving throw, taking 8d6 fire damage on a failed save or half damage on a successful one.

Fire Bolt

Level: Cantrip

Range: 120 feet

You hurl a mote of fire at a target within range. Make a ranged attack against the target. On a hit, the target takes 1d10 fire damage.

The damage increases to 2d10 fire damage at level 5 and 3d10 fire damage at level 9.

Fly

Level: 3

Range: Touch

Duration: Concentration, up to 10 minutes

You touch a willing creature. For the duration, the target gains a fly speed.

When the spell ends, the target falls if it is still aloft unless it can stop the fall.
